INTERPRETIVE MEMORANDUM RE: SHELF STOCKING

1. When salesmen are checking merchandise to determine whether or not it is being properly rotated, or is properly marked, they shall be permitted to remove the merchandise from the shelves, remark, dust and replace it. They shall not be permitted to put any additional merchandise on the shelves or bring new merchandise from the back room.

2. The bakery goods that may be stocked is limited to fresh merchandise and is not intended to include Christmas cakes, canned cakes, cookies, crackers, etc.

3. With reference to the drug rack, if the merchandise is warehoused by the Employer, the stocking shall be done by the employees in the store.

4. Driver-salesmen, with respect to milk products, can stock on a daily basis on the first call but will not stock thereafter during that day. Ice cream driver-salesmen can stock merchandise in display cases at any time.

5. In any case, where there is a drop shipment, the stocking of this merchandise would be classed as store employee work. The wagon people are those people who would deliver directly from their wagon and deliver directly to the store. These people would be able to bring in their merchandise. (Wagon drivers would be able to deliver to the display area, pick up return goods, and give credit.)

6. The shelf stocking limitation as set forth above, and as provided in Article XV, Section A, of the contract, shall not be enforced prior to a new store opening, nor during major store remodelings, nor for a period of two weeks following such reopening or major remodeling. (For example, remodeling of any individual department in the store would not be considered a major remodeling.)
